Concluzii

În urma realizării acestei lucrări de laborator, am parcurs și rezolvat însărcinările propuse pe platforma Luminarium. Exercițiile realizate mi-au permis să aplic practic cunoștințele dobândite în domeniul securității informaționale și să înțeleg mai bine diferite metode de analiză și identificare a vulnerabilităților. Rezolvarea sarcinilor a necesitat atenție, gândire logică și aplicarea corectă a comenzilor și tehnicilor prezentate. Prin această lucrare mi-am îmbunătățit capacitatea de a analiza problemele pas cu pas și de a găsi soluții într-un mediu practic și controlat. Consider că experiența acumulată pe platforma Luminarium reprezintă un pas important în dezvoltarea cunoștințelor mele în domeniul securității informatice.
